I realize the Oxford House to which I am applying for membership has been established in compliance with the
conditions of §2036 of the Federal Anti-Drug Abuse Act of 1988, P.L. 100-690, as amended, which provides federal money loaned to start the house requires the house members to (A) prohibit all members from using any alcohol or
illegal drugs, (B) expel any member who violates such prohibition, (C) equally share household expenses, including
the monthly lease payment, among all members, and (D) utilize democratic decision making within the group including inclusion in and expulsion from the group. In accepting these terms, the applicant understands that §2036
conditions are different than the normal due process afforded by some local landlord-tenant laws.
I have read all of the material on this application form including the limitations set forth above. I have answered each
question honestly and I have a desire to achieve comfortable recovery from substance use disorder.
